www.taskstream.com**Form: "REFLECT Teacher Attitudes toward Computers"****Teachers Attitudes Toward ICT (Information and Communications Technologies)**

This questionnaire is derived from well-validated portions of several attitudinal surveys that have been used with teachers in the past. We will use your responses to help develop a profile of how teachers view technology. Please complete all items even if you feel that some are redundant. This should require about 10 minutes of your time. Usually it is best to respond with your first impression, without giving a question much thought. Your answers will remain confidential.
